

more than one tin

A new foodbank campaign for your school, business, church, street or group to get involved in. Our supplies are running extremely low, and we need your help!

This is a way for your group to support the community around you with just one tin each.

One tin, together a greater impact!

We'd love schools, businesses, churches, streets and groups (for example WI, social groups etc) to sign up to a 'more than one tin' week where you can each donate an item to foodbank, and together support your local community!

To sign up, please email info@bcp.onl and let us know when you will be running your 'more than one tin' week; or you may choose to do this more regularly and organise a weekly or monthly collection. Let us know if you'd like us to promote this on our social media.

We need all items except for beans, tuna and pasta - a list of items we regularly require donations of is on our website:

www.barnabascommunityprojects.org/food-donations

Thank you for your support!
